

SANTA FE HESTIA FUND

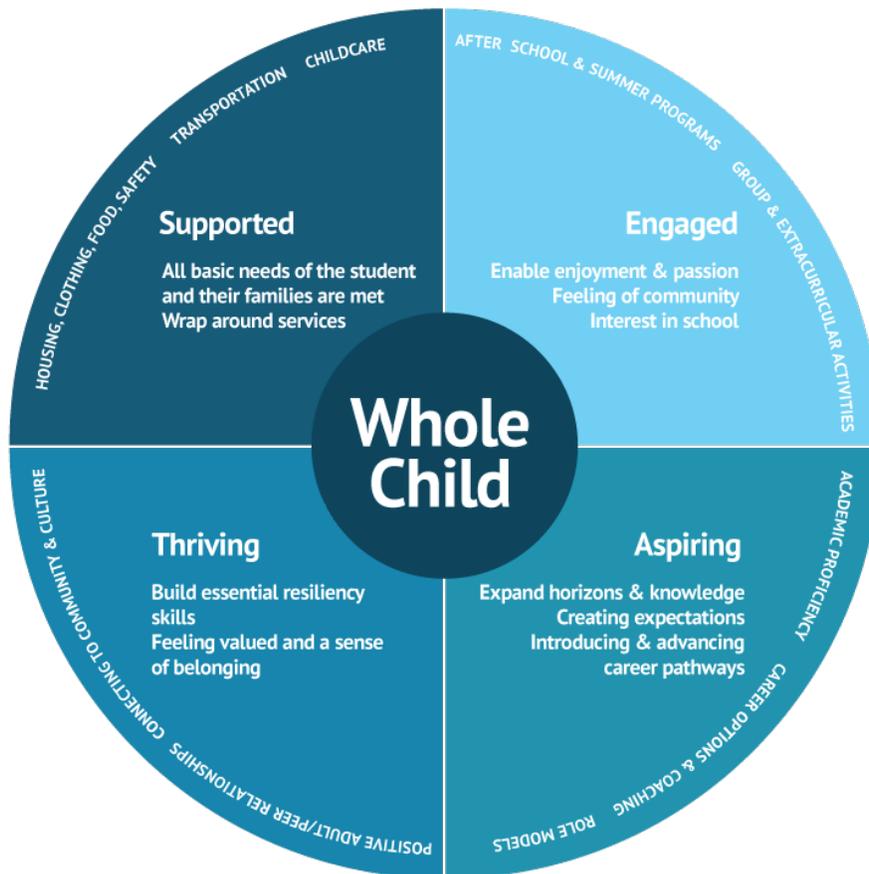

*Our Mission is to increase the graduation rate in Santa Fe by supporting programs and organizations benefiting **Middle School Students**, encouraging them to stay focused on school and their futures.*

The Santa Fe Hestia fund strives to be most effective in fulfilling our mission using a framework focused on the Whole Child. We believe that when middle school students are supported, positively engaged, thriving and aspiring, they will stay focused on their futures and graduate from high school. We believe that after-school and summer programs are critical opportunities to change the trajectory for middle school students, and that effective programs will address practical needs of the students and their families.

We look forward to working with our grantees to further our strategic vision.
